

the amount that is payable if the participant withdrew his or her contributions on the termination date. The lump sum benefit may not be less than the minimum lump required by the IRS under section 204(c) of ERISA and section 411(c) of the Code upon withdrawal of mandatory employee contributions.

§ 4044.13 Priority category 3 benefits.

(a) *Definition.* The benefits in priority category 3 are those annuity benefits that were in pay status before the beginning of the 3-year period ending on the termination date, and those annuity benefits that could have been in pay status for participants who were eligible to receive annuity benefits before the beginning of the 3-year period ending on the termination date. Benefit increases that became effective before the beginning of the 5-year period ending on the termination date, including automatic benefit increases after that date to the extent provided in paragraph (b)(5) of this section, shall be included in determining the priority category 3 benefit. Benefits are primarily basic-type benefits, although nonbasic-type benefits will be included if any portion of a participant's priority category 3 benefit is not guaranteeable under the provisions of subpart A of part 4022 of this chapter and § 4022.21 of this chapter.

(b) *Assigning benefits.* The annuity benefit that is assigned to priority category 3 with respect to each participant is the lowest annuity that was paid or payable under the rules in paragraphs (b)(2) through (b)(6) of this section.

(1) *Eligibility of participants and beneficiaries.* A participant or beneficiary is eligible for a priority category 3 benefit if either of the following applies:

(i) The participant's (or beneficiary's) benefit was in pay status before the beginning of the 3-year period ending on the termination date.

(ii) The participant was eligible for an annuity and his or her benefit could have been in pay status before the beginning of the 3-year period ending on the termination date. Whether a participant was eligible to receive an annuity before the beginning of the 3-year period shall be determined using the plan provisions in effect on the day

before the beginning of the 3-year period.

(iii) If a participant described in either of the preceding two paragraphs died during the 3-year period ending on the date of the plan termination and his or her beneficiary is entitled to an annuity, the beneficiary is eligible for a priority category 3 benefit.

(2) *Plan provisions governing determination of benefit.* In determining the amount of the priority category 3 annuity with respect to a participant, the plan administrator shall use the participant's age, service, actual or expected retirement age, and other relevant facts as of the following dates:

(i) Except as provided in the next sentence, for a participant or beneficiary whose benefit was in pay status before the beginning of the 3-year period ending on the termination date, the priority category 3 benefit shall be determined according to plan provisions in effect on the date the benefit commenced. Benefit increases that became effective before the beginning of the 5-year period ending on the date of plan termination, including automatic benefit increases after that date to the extent provided in paragraph (b)(5) of this section, shall be included in determining the priority category 3 benefit. The form of annuity elected by a retiree is considered the normal form of annuity for that participant.

(ii) For a participant who was eligible to receive an annuity before the beginning of the 3-year period ending on the termination date but whose benefit was not in pay status, the priority category 3 benefit and the normal form of annuity shall be determined according to plan provisions in effect on the day before the beginning of the 3-year period ending on the termination date as if the benefit had commenced at that time.

(3) *General benefit limitations.* The general benefit limitation is determined as follows:

(i) If a participant's benefit was in pay status before the beginning of the 3-year period, the benefit assigned to priority category 3 with respect to that participant is limited to the lesser of the lowest annuity benefit in pay status during the 3-year period ending on the termination date and the lowest

annuity benefit payable under the plan provisions at any time during the 5-year period ending on the termination date.

(ii) Unless a benefit was in pay status before the beginning of the 3-year period ending on the termination date, the benefit assigned to priority category 3 with respect to a participant is limited to the lowest annuity benefit payable under the plan provisions, including any reduction for early retirement, at any time during the 5-year period ending on the termination date. If the annuity form of benefit under a formula that appears to produce the lowest benefit differs from the normal annuity form for the participant under paragraph (b)(2)(ii) of this section, the benefits shall be compared after the differing form is converted to the normal annuity form, using plan factors. In the absence of plan factors, the factors in subpart B of part 4022 of this chapter shall be used.

(iii) For purposes of this paragraph, if a terminating plan has been in effect less than five years on the termination date, computed in accordance with paragraph (b)(6) of this section, the lowest annuity benefit under the plan during the 5-year period ending on the termination date is zero. If the plan is a successor to a previously established defined benefit plan within the meaning of section 4021(a) of ERISA, the time it has been in effect will include the time the predecessor plan was in effect.

(4) *Determination of beneficiary's benefit.* If a beneficiary is eligible for a priority category 3 benefit because of the death of a participant during the 3-year period ending on the termination date, the benefit assigned to priority category 3 for the beneficiary shall be determined as if the participant had died the day before the 3-year period began.

(5) *Automatic benefit increases.* If plan provisions adopted and effective before the beginning of the 5-year period ending on the termination date provided for automatic increases in the benefit formula for both active participants and those in pay status or for participants in pay status only, the lowest annuity benefit payable during the 5-year period ending on the termination date determined under paragraph (b)(3) of

this section includes the automatic increases scheduled during the fourth and fifth years preceding termination, subject to the restriction that benefit increases for active participants in excess of the increases for retirees shall not be taken into account.

(6) *Computation of time periods.* For purposes of this section, a plan or amendment is "in effect" on the later of the date on which it is adopted or the date it becomes effective.

§ 4044.14 Priority category 4 benefits.

The benefits assigned to priority category 4 with respect to each participant are the participant's basic-type benefits that do not exceed the guarantee limits set forth in subpart B of part 4022 of this chapter, except as provided in the next sentence. The benefit assigned to priority category 4 with respect to a participant is not limited by the aggregate benefits limitations set forth in § 4022B.1 of this chapter for individuals who are participants in more than one plan or by the phase-in limitation applicable to substantial owners set forth in § 4022.26.

§ 4044.15 Priority category 5 benefits.

The benefits assigned to priority category 5 with respect to each participant are all of the participant's nonforfeitable benefits under the plan.

§ 4044.16 Priority category 6 benefits.

The benefits assigned to priority category 6 with respect to each participant are all of the participant's benefits under the plan, whether forfeitable or nonforfeitable.

§ 4044.17 Subclasses.

(a) *General rule.* A plan may establish one or more subclasses within any priority category, other than priority categories 1 and 2, which subclasses will govern the allocation of assets within that priority category. The subclasses may be based only on a participant's longer service, older age, or disability, or any combination thereof.

(b) *Limitation.* Except as provided in paragraph (c) of this section, whenever
